BASE PLATE TWO POST LIFT FOR LOW-CEILING WORKSHOPS AND GARAGES

Ideal for:

The Steiner LT240B is a 4 tonne base plate two post lift designed for commercial workshops and garages with limited ceiling height. Four three-stage lifting arms provide flexible vehicle positioning, while electro-magnetic safety release enables convenient operation.

Features:

- › 4,000 kg lifting capacity
- › Base plate design for low-ceiling workshops
- › Dual hydraulic cylinders with high-quality NOK seals
- › Four three-stage lifting arms
- › Automatic arm restraints and release
- › Electro-magnetic safety release
- › Self-lubricating UHMW polyethylene sliders and bronze bush
- › Aero cable synchronisation
- › Detachable foot guard and tool tray
- › European CE certified

Our promise: If you are not 100% satisfied with your equipment, Hoist & Garage will repair, replace or refund the equipment free of charge within the first 100 days.
